

**GLOBAL WARMING:
AN INCONVENIENT TRUTH ...
OR A CONVENIENT HALF-TRUTH?**

by Craig Wm. Peters

Global warming has become a worldwide, political issue. Many politicians, scientists, and environmentalists are clamoring for our attention: “Something has to be done!” they insist. This article presents two, main objections to their approach:

- 1. We believe they are in error regarding the **cause** of global warming.*
- 2. We believe there is a manipulative and dangerous, political agenda behind convincing the masses global warming is being caused by carbon dioxide gases (as is now **claimed** by so many, yet **believed** by exponentially many more).*

*Yet we must be abundantly clear: This article does **not** imply Mr. Al Gore is intentionally lying about his findings on global warming. (His award-winning documentary about global warming is entitled, “An Inconvenient Truth.”) However, we do heartily disagree with the science behind his movie. In our opinion, lauding the science behind Mr. Gore’s movie is rather akin to commending the sociologist who advocates banning ice cream because of its clear connection to the incidence of rape. Why after all, it is a matter of fact that when the sales of this tasty treat increase, so do the number of rapes. Should we not, then, ban ice cream?! A closer look, however, shows ice cream sales increase during the summer, thus making the **heat** of the season, and not ice cream, the direct link which explains the rise of the aforementioned violent crime.¹*

¹ This is a classic example of “cause and effect” which the writer learned in an introductory sociology class as a college freshman. As far as banning ice cream, there are many types and brands which *deserved* to be banned, but purely for health reasons: many of these dessert disasters only contribute to clogged arteries (high blood pressure, strokes, and heart attacks) and unduly elevated levels of blood sugar (diabetes, etc.).

*Further, we will also assume Al Gore’s motives in opposing global warming are completely pure with no hidden agenda. And we commend the former vice-president, as well as anyone else who desires to leave subsequent generations the legacy of a clean environment. However, we also recognize Mr. Gore’s call to fight global warming with massive political legislation may be something which improperly moves people, legislators, and nations to **unjustly** affect the lives of millions.*

*Finally, this article does not argue against the reality of global warming. **Something** is heating up the Earth, but are the scientists correct regarding their claims as to the **source** of this warming? We believe those who wish to blame global warming on carbon dioxide emissions are in error because they do not know, or acknowledge, the truth of the Scriptures which bear on the topic. This lack of spiritual perspective has led to false assumptions and, therefore, false, potentially dangerous deductions. When all the facts are considered, it is difficult not to wonder:*

*“Is the **real truth** being intentionally withheld by at least some of these scientists?”
And if so, one wonders “Why is this the case?”
Why is the Global Warming Gospel picking up such momentum? And is this occurring out of ...
Fear? Concern? Political Intrigue?
Diabolical Design? Or all of these things in concert?”*

***The Biblical Flood and the Ice Epoch**
“The Biblical Flood and the Ice Epoch,”² by Donald W. Patten, is a book of profound scope and magnitude. Anyone who believes in the*

inspiration of the Bible should do their best to obtain a copy of this great text and read at least the first nine chapters, the portion of the book dealing largely with the Great Flood. Patten's account of the Flood left us *absolutely stunned* at the overwhelming power behind the cataclysmic upheavals which displayed the Almighty's fearsome wrath as He destroyed the wicked from the face of the Earth. The first nine chapters of Mr. Patten's book discuss the cause of the Flood as well as the many consequences of the overwhelming cataclysms by which **יְהוָה** judged the Earth at that time. We believe Mr. Patten handily shows there was an incredible influx of *cosmic ice* which was dumped on our planet and which gravitated to the poles³ as it descended from outer space. This would explain at least part, if not all, of the reason that Noach was directed to enter the ark seven days before the Flood actually occurred:⁴ the subzero temperatures⁵ of the ice were now mixing with the extreme heat of the magma being pulled from the Earth's core by the orbiting heavenly body caught in our planet's gravitational pull;⁶ this all combined to create clashes of extremely hot air with extremely cold air, the likes of which contrasts the world has never seen since! Huge thunderstorms were soon in the works ... It all reached a climax on the seventeenth day of the second month:⁷ the floodgates of heaven were opened and the fountains of the deep were broken up.⁸ Water came upon the Earth from *above* as well as from *below*, and this was the primary agent of the wrath of **יְהוָה** El Shaddai.

***The Sun is Warming Up:
Solar Radiation is Now Warming
Temperatures on Many Planets***

Since the days of the Flood, the Earth has been gradually warming, slowly returning to its originally tropical temperatures. Sure, there were some "crazy" summers which did not even allow

for success in the planting and harvesting of crops⁹ due to volcanic ash lowering the Earth's overall temperature.¹⁰ But no one can argue with the present-day occurrence of melting polar caps and retreating glaciers (unless you want to be nicknamed the "head-in-the-sand-rose-colored-glasses" guy or gal). Still, this writer believes that all "science" is not truly *science* until it finds its answers in the Most High, Creator of all. Meaning, true science will generally support the Scriptures and vice versa. This explains much of our disagreement with the Global Warming Gospel: "greenhouse gases" might be a *contributing* factor in that which environmentalists feel should alarm us, but why do we not hear them arguing for measures to halt the global warming and man-made pollution on Jupiter? Yes! The planet Jupiter is also showing a rise in average surface temperature, too! The fact is:

Many of the planets in our solar system are warming up,¹¹ and this is traceable back to one, common cause: the Sun!

It is an established, scientific fact that the Sun has shown heightened activity and that its 11-year solar cycles are no longer trailing off (i.e., waning in power) before the next cycle begins. This means the Sun's energy/radiation is, by and large, only on the increase. We are now beginning a new solar cycle which is set to peak in 2011-2012.¹² As the Sun's output of electromagnetic

All evidence indicates that this cold summer was caused by the major eruptions of just two or three *volcanoes* across the globe.

¹² This announcement was received via e-mail from **spaceweather.com** on 1/4/2008 (the subject line was, "Solar Cycle 24 Begins"):

Space Weather News for Jan. 4, 2008

<http://spaceweather.com>

Solar physicists have been waiting for the appearance of a reversed-polarity sunspot to signal the start of the next solar cycle. The wait is over. A magnetically reversed, high-latitude sunspot emerged today. This marks the beginning of Solar Cycle 24 and the first step toward a new solar maximum. Intense solar activity won't begin right away.

activity continues to surge, and as its number of CME's¹³ increase in size and intensity, the planets in this solar system are heating up and showing signs of increasing temperatures and atmospheric upheavals.¹⁴ And this is all due to the activity spawned by the Sun's effects!

Further, while unrecognized, or more likely, unacknowledged, these ionic, electromagnetic forces radiating from the Sun are acting upon the magnetized magma of the Earth's core:¹⁵ the earth is warming up from the inside!

And this is where those who are studying global warming so greatly err: they argue the Sun's present increase in temperature and radiation is not enough to heat the Earth in the manner we are seeing. But what they are failing to study (*or to openly admit*) is the effect that the heightened **electromagnetic activity** in the Sun is having on the *inner core* of our planet.

Based on Scripture, we assert the intense electromagnetic surges in the Sun will soon cause magma to erupt forth from the Earth's crust in proportions sufficient to destroy cities and, perhaps, even nations.

Quite recently, earthquake activity resulted during a period in which strong cosmic forces from the Sun were striking the Earth.¹⁶ This, we

Solar cycles usually take a few years to build from solar minimum (where we are now) to Solar Max (expected in 2011 or 2012). It's a slow journey, but we're on our way! Visit <http://spaceweather.com> for pictures of the new sunspot and updates.

¹³ CME = "Coronal Mass Ejection"

¹⁴ There have even been massive, hurricane-like storms on Mars.

¹⁵ The writer saw a film documentary about a group of men dropped into the region of the Mount St. Helens blast shortly after its large-scale eruption on May 18, 1980. It was only after the transport helicopter had flown away that the team of researchers realized their compass needles had been rendered *useless* by the magnetic properties of the volcanic ash through which they were trudging. Without geographical bearings, they were soon lost and narrowly escaped serious injury and death.

¹⁶ If we remember correctly, a large quake occurred just after, or during, a strong solar flare. This quake was either in the Kuril Islands (magnitude 8.3 on 11/15/2006) or in Taiwan (7.1, 12/26/2006). Further, when the massive, Indonesia earthquake and tsunami occurred some years

believe, was a cosmically-generated earthquake, an earthquake caused by the Earth's magma surging upward in response to electromagnetic energy from the Sun.

The changes now taking place in the Sun were prophesied,¹⁷ and יהוה warns they will result in "pillars of smoke"¹⁸ as massive, magma-driven earthquakes and volcanoes become *commonplace* across the globe, ripping open the ground, destroying nations,¹⁹ and blackening the skies in ways never before seen by modern man.²⁰ In the days of Noach, the wrath of יהוה was poured out upon the disobedient as **water** came from *above and below* to destroy the earth.²¹ In the Last Days, **fire** will be the agent of His wrath as it comes from *above and below* to destroy the earth.²²

The current increase in solar activity is not only something which will play a major role in these cataclysms, but this intense heat from the Sun is something which has long been prophesied to occur!

For centuries, the Scriptures have warned that the Sun's heat will intensify to a level which can only be described as "apocalyptic." As this is now *starting* to occur, we are witnessing the incipient stages of what will soon become an *immense* apocalypse:

back (magnitude 9.0 on 12/26/2004), inbound GRB's (gamma ray bursts) from deep space had been detected during the same time period. The point: it is not just **infrared heat** from the Sun which affects the Earth! The inner core of our planet generates heat and seismic waves when its magnetic magma is acted upon by electromagnetic radiation and subsequently pushes upward on the Earth's crust.

And the fourth poured out his bowl upon the Sun; and it was given to him to scorch men with fire.
Revelation 16:8

Everything is “warming up” for that Great Day when יהוה will begin reigning out of Mount Tziyon:²³

26 Moreover the light of the Moon will be as the light of the Sun, and the light of the Sun shall be seven times greater, as the light of seven days, in the day that יהוה binds up the hurt of His people, and heals the stroke of their wound. 27 Behold, the Name of יהוה comes from afar, burning with His anger, and in thick rising smoke: His lips are full of indignation, and His tongue is as a Devouring Fire ... Isaiah 30:26-27

This is the same, burning indignation we see prophesied by the emissary Sha’ul:

... 7 and to you who are troubled – rest with us in the revelation of the Sovereign יהוה from heaven, with the messengers of His power, 8 in flaming fire, taking vengeance on those who do not know Elohim, and those who do not obey the Good News of our Sovereign יהוה the Messiah.
2Thessalonians 1:7-8

But this fiery wrath was not a new concept even in the days of יהוה and His apostles. For we see this great, burning indignation predicted well over 2000 years ago by the prophets of יהוה:

Upon the wicked He will rain snares: fire, and brimstone, and a scorching wind shall be the portion of their cup. Psalm 11:6 (David)

8 Your hand will find out all Your enemies: Your right hand will find out those that hate You. 9 You will make them as a fiery oven in the time of Your anger: יהוה will swallow them up in His wrath, and the fire will devour them.
Psalm 21:8-9 (David)

And I will show wonders in the heavens and in the earth: blood, and fire, and pillars of smoke.
Joel 2:30

5 The mountains quake at Him, and the hills melt, and the earth is burned at His Presence; yes, the world, and all that dwell therein. 6 Who can stand before His indignation? And who can abide in the fierceness of His anger? His fury is poured out like fire, and the rocks are thrown down by Him.
Nachum 1:5

1:18 Neither their silver nor their gold will be able to deliver them in the day of the wrath of יהוה; but the whole land will be devoured by the fire of His jealousy: for He will make a full end, yes, a sudden one, of all those who dwell in the land ... 3:8 Therefore, you wait upon Me, says יהוה, until the day that I rise up to the prey: for My determination is to gather the nations, that I may assemble the kingdoms, to pour upon them My indignation, even all My fierce anger: for all the earth will be devoured with the fire of My jealousy. Tsephanyah/Zephaniah 1:18 and 3:8

And even יהוה Himself acknowledged the ongoing availability of the Sun to bring forth His wrath on the disobedient: while looking back at the destruction of Sodom and Gomorrah, He ultimately spoke of the Day when the Sun’s intense heat would be invoked to completely destroy the unrepentant from off the face of the entire Earth:

12 Have you commanded the morning since your days began, and caused the dayspring to know its place; 13 that it might take hold of the ends of the earth, and the wicked be shaken out of it?
Job 38:12-13

This will be the Ultimate Day of יהוה spoken of by the Almighty through the prophet Malachi:

For, behold, the day comes, that will burn as an oven; and all the proud, yes, and all that do wickedly, will be stubble: and the day that comes will burn them up, says יהוה of hosts, that it will leave them neither root nor branch.
Malachi 4:1

Since our world is about to be cleansed/renewed by fire, anyone with common sense, spiritually, should be preparing the heart and the mind:

²³ Isaiah 24:23, Micah 4:7

10 But the Day of **יהוה** will come as a thief in the night; in the which the heavens will pass away with a great noise,²⁴ and the elements will be **dissolved** with **fervent heat**, and the earth and the works that are in it will be burned up. 11 Seeing that these things are thus all to be **dissolved**, what manner of persons should you be in set apart living and reverence, 12 looking for and earnestly desiring the coming of the Day of Elohim, by reason of which the heavens – being on **fire** – will be **dissolved**, and the elements will **melt** with **fervent heat**? 2Peter 3:10-12

Yet there are some who would lead us to think much of the *Apocalypse* has already been fulfilled; however, the Earth has never been cleansed with fire in a manner comparable to the *cleansing* by water which occurred *globally* during the Flood. While well-meaning folks wish to teach the Messiah came back in A.D. 70, the above prophesies have *never* been fulfilled in regard to this complete, thorough, A-to-Z cleansing and *renewal*.²⁵ If the wicked and unrepentant had already been completely cleansed from the earth,²⁶ then righteousness should now be the all-pervading norm;²⁷ yet this is still not the case. Nor has the Torah ever gone forth from Yerushalayim to teach the inhabitants of all the Earth.²⁸ Nor has the lamb ever dwelt safely in the presence of the wolf.²⁹ Nor has there yet been a day when every nation goes up to “the city of the Great King”³⁰ to keep the Feast of Tabernacles.³¹ Nor has worldwide worship on the Sabbath and New Moons yet been established.³² But all these things shall come to pass after **יהוה** has cleansed the Earth by fire and saved His people, Yisrael. He will set up a

highway for the blind and the lame,³³ and bring them to Tziyon; everlasting joy shall be upon their heads. And **יהוה** will reign out of Tziyon over all the Earth.

***Everyone Sees it Coming,
But it is Too Late!***

Because of man’s pride and self-sufficiency, most will hold out the vain hope that we can somehow solve our own problems. Only after it is too late will the Earth’s inhabitants realize they are powerless before the Heavenly onslaught of **יהוה** of Hosts. **יהושע** indicated the End Time destruction is something which all mankind will see and acknowledge, yet with faithless fear:

And there will be signs in the Sun, and in the Moon, and in the stars; and upon the earth distress of nations, in bewilderment at the roaring of the sea and the waves; men’s hearts failing them for fear, and for looking after those things which are coming on the earth: for the powers of heaven will be shaken. Luke 21:25-26

It remains to be seen what sort of vain, unjust, and lawless legislation will come from the mob-driven hysteria which is certain to be generated by these increasing global problems. It is interesting to hear Mr. Gore say it would be *immoral* not to do anything about global warming.³⁴ But how long will it take before legislators begin setting forth *immoral*, unjust, and lawless decrees on the lives of the unwitting masses – and doing it all under the guise of “saving the Earth?” Will governments use the threat, or even the *reality*, of global warming to sound a call for massive, radical, social changes? From all appearances, this will surely become the catalyst for tighter political control; it may well become the battle cry for the complete erosion of our freedoms; and it would not be surprising if it becomes the final nail in the coffin of all that stands in the way of a one world system of government. We believe there are scientific facts

³³ Isaiah 42:15-16, Jeremiah 31:7-12

being withheld from public notice while one-world, political schemes are masquerading behind the facade of supposed concern for the environment.

In these difficult times, our reverence must be directed towards the Creator of Heaven and Earth. From the beginning, He set the orbits of the Sun, Moon, and stars in their courses.³⁵ He has known all things before they come to pass,³⁶ and יהוה well knows about the Sun's current rise in heat and intensity. As we have seen, He is about to use the Sun and the stars³⁷ to punish those who have refused to repent of violating His immutable Torah.³⁸ The Sun and the stars will be used by יהוה of Hosts to send forth fire and brimstone³⁹ upon those who have violated His immutable Law, while the molten lava from volcanoes⁴⁰ will be used by him to burn/cleanse large portions of the Earth's surface and to further punish the unrepentant. Of this wrath the prophet Isaiah said:

1 Behold, יהוה makes the earth empty, and makes it waste, and turns it upside down,⁴¹ and scatters abroad the inhabitants thereof. 2 And it will be, as with the people, so with the priest; as with the servant, so with his master; as with the maid, so with her mistress; as with the buyer, so with the seller; as with the creditor, so with the debtor; as with the taker of interest, so with the giver of interest to him.⁴² 3 The earth will be utterly emptied, and utterly laid waste; for יהוה has spoken this word. 4 The earth mourns and fades away, the world languishes and fades away, the

A Closing Summary

We agree with those who say the rise in the Sun's heat is not enough to be warming the Earth. However, it is not just the *infrared heat* of the Sun which is warming the Earth: the electromagnetic rays and ions from our star are *exciting the molten core of the Earth* so that heat is emanating upward from the inner pulsations of the *magnetic magma!* This electromagnetic activity is also affecting other planets as well, and we believe science will show it is especially making changes in those celestial bodies whose cores consist of *magnetized magma*.

Regardless of What Unfolds in the Future ...

As believers in יהושע, regardless of what is yet to transpire in the days, months, and years still ahead, we should be ready with the Good News of Peace⁴⁴ and express His love for all people wherever we find ourselves. While many will suffer as followers of יהושע, even facing death for holding out faith in the Messiah, it would be far worse than death to not remain faithful to His cause and to awaken in the resurrection having to say: *The harvest is past, the summer is ended, and we are not saved.* Jeremiah 8:20

⁴³ "Torot" is the majestic plural of "Torah," thus emphasizing its greatness and importance in the face of this great wrath: יהוה is exalting His Torah which men have so violated, consequently bringing severe, apocalyptic punishment upon themselves as well as the entire Earth.

⁴⁴ Ephesians 6:15

As Noah found favor in the eyes of יהוה by continually drawing near to His light-filled Presence,⁴⁵ may all those who trust in El Shaddai do likewise in these Last Days.

If you are not a believer in יהושע, we invite you to continue seeking and studying, but most of all, to continually pray to יהוה for spiritual vision and guidance. Read the Evangel of John⁴⁶ and learn more of the One who died so that you might live an abundant life of love, joy, and peace.

The Devouring Fire is coming and there is only one way to prepare; we see this in another portion of Isaiah:

10 Now I will arise, says יהוה; now I will be exalted; now I will lift Myself up. 11 You have conceived chaff, you will bring forth stubble: your breath, as fire, will devour you. 12 And the people will be as the burnings of lime: as thorns cut up they will be burned in the fire. 13 You that are far off, hear what I have done; and you that are near, acknowledge My might. 14 The sinners in Tziyon are afraid; fearfulness has surprised the hypocrites. Who among us will dwell with the Devouring Fire?⁴⁷ Who among us shall dwell with everlasting burnings? 15 He that walks righteously, and speaks uprightly; he that despises the gain of oppression, that shakes his hands from the taking of bribes, that stops his ears from hearing of bloodshed, and shuts his eyes from seeing evil. 16 He will dwell on high: his place of defense will be the munitions of rocks: bread will be given to him; his waters will be sure. 17 Your eyes will see the King in His beauty ... Isaiah 33:10-17

May all those who fear His Name be prepared to see the King of kings when He appears to rule over all the kingdoms of the Earth.

The Spirit placed it on my heart to begin writing this article on 1/1/2008; it was largely completed by 1/3/2008. Yet it was only a few days after 1/1/08 that a number of headlines related to this article occurred in the national and international news. While we are not setting dates, when the Most High begins sending forth His destructive judgments upon the Earth, only those who have prepared their hearts before יהוה will be ready.

Also, none of the global warming websites seen below provided any information for this article: it was written before they were even looked up on the Internet.⁴⁸ They were later referenced in footnotes to provide confirmatory evidence. The Word of יהוה must be the believer's source of wisdom and knowledge.
